Acme Files Localization Style Guide (Ukrainian)

1. Address the user formally using ’vy’ forms; avoid imperative familiarity.
2. Buttons: short imperative verbs (Zberehty, Skasuvaty). No trailing period.
3. Error messages: full sentences ending with a period. Explain what to do next.
4. Keep placeholders such as {0}, {{name}}, %1$s and HTML tags unchanged.
5. Use Ukrainian quotation marks and the apostrophe character where applicable.
6. Do not translate product names: Acme, Acme Files.
